

Smart Lighting Control

Mechanical Button

LIGHTING CONTROL

Control your lighting system with a mechanical button wall plate, available in Hartland, Hartland CFX®, Sheer, Sheer CFX® and Linea CFX® ranges. Any button can be configured for any function with Hamilton's designer software.

Controllers will fit into any single wall box (BS4662) with a minimum depth of 35mm.

- Dim up and down - Power off
- 4 - 16 mechanical buttons as standard
- 4 scene recall - more available as bespoke or with handset
- Engraved legend
- Bespoke plates available

QUICK AND SIMPLE TO USE

Store scenes at the touch of a button:

1. Adjust the lighting levels using the circuit buttons. A brief press will turn the lights on/off, a prolonged press will raise/lower the light level.
2. Once you've selected the desired light level for all four circuits, press and hold down scene button one. The LED will flash five times. Keep your finger on the scene button until the LED stops flashing.
3. Your new scene is now stored. Repeat above to store further scenes on buttons 2,3 and 4. No commissioning work is required.
4. To recall a scene, press the desired scene button. To turn the zone off press the currently selected scene button.
5. To adjust a circuit without changing stored scene simply press or hold desired circuit button.

INSTALLATION

For connection of additional controls use CAT5/6 cable wired in parallel.
Note: if other dimmer packs are included within the same system, link all with CAT5/6 cable.

You can also add additional wall plates by duplicating the DIP switch setting.

AUDIO CONTROL

Control plate with white LED back light. Controllers will fit into any single wall boxes (BS4662) with a minimum depth of 35mm.

Volume (raise and lower)

- Next and previous
- Source selection, four options
- Available in all finishes in the Hartland, Hartland CFX, Sheer, Sheer CFX and the Linea CFX ranges.

DK1M KIT

All DK1M and DK1ME dimmer packs will be supplied with a Hartland CFX® Colours 8 Button mechanical plate as standard. In order to co-ordinate plate design and colour after installation, a replacement metal decorative plate from either our Hartland CFX® or Sheer CFX® ranges can be supplied at no extra cost.

Simply contact the Hamilton sales office and supply the following information;

- 1) Simply unclip the white plastic faceplate and then quote the serial number displayed.
- 2) Confirm selected replacement metal decorative plate from our Hartland CFX®/Sheer CFX® range.

LIGHTING - MECHANICAL BUTTON CONTROL PLATES Will fit into any single/double wall boxes (BS4662) with a minimum depth of 35mm
