

USB Dock and Charger Module

Plug and Play

Charge your Apple device with the USB dock and listen to your itunes via the Mercury multi-room audio system at the same time. You can also navigate the the music on the device wirelessly using the Mercury App on another device. The dock is available in styles that match other wiring accessories in the Hamilton range.

Plug and play

By connecting the Mercury[®] USB dock module to the MRA4 audio system you can simply plug in your Apple device and browse your media library from a Mercury[®] wall plate controller. Alternatively, browse from another Apple device, wirelessly, using the Mercury[®] App.
