Making connections beautifully

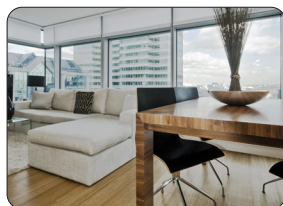

Hamilton is a British electrical solutions provider that designs, develops and manufactures innovative electrical accessories of the highest quality.

With a vast product range including decorative switch plates and sockets, smart lighting control, new wireless audio devices. It is a one-stop shop for all wiring requirements for both the residential and hotel industries.

A family-owned and run company, Hamilton continues to build on its reputation as a trusted brand who consistently delivers high end premium wiring accessories. In today's market, technology is moving at a fast pace. Hamilton's expert knowledge, pioneering engineering skills and first class test facilities allow Hamilton to support this ever changing landscape.

Hamilton celebrated a fantastic milestone in 2018 when the business reached its 50th anniversary. It operates under the direction of Ian Hamilton and has grown since its inception to employ over 150 customer-focused staff and distribute its class-leading solutions around the world.

Images remain the property of Hamilton litestat and all images are for illustration purposes only and may not reflect the actual product due to manufacturing processes, we cannot guarantee an exact colour match and shadings of certain finishes. E&OE 2021.

VOGUE RANGE

With its sleek bevelled profile, the extensive Vogue range offers style and elegance in any application. Designed to complement modern interiors Vogue comes with screw covers creating an unobtrusive and aesthetically pleasing look in keeping with today's interiors

The Vogue range comes with double pole switching as standard this means that connection to the neutral 'makes first and breaks last'. Hamilton's 13A sockets are all ASTA certified and conform to BSI Standards.

The Vogue wiring accessories come with easily identifiable terminals that are conveniently placed to ensure quick installation.

Prior to installation the screw caps can be found discreetly secured to the back of the product so that they are easily located and prevented from being lost.

The plates are durable and have a scratch resistant finish and come with a 10 year guarantee.

Stylish Design Easy Installation Durable Finish *Product Guarantee

- Comprehensive range for most residential and light commercial applications
- Manufactured from high grade thermoset material
- 13A Sockets ASTA certified
- Flexible grid solutions, 1 to 8 gang front plates
- LED dimming solutions

*Excludes Vogue dimmers which have a 1 year guarantee and the Vogue USB sockets have a 2 year guarantee.
